

WARRIOR OF THE NIGHT

MUSIC AND LYRICS BY VALKYRIE'S FIRE

VERSE 1:

You know sometimes the battle's won, but only through the pain
If I go and fall once more, I'll rise up once again
Nothing here can keep me down, I'll always stand my ground
Once I overcome this strife, I'll get to wear the crown

PRE-CHORUS:

The fires of the night will lead us
Into the brightness of the dawn
And when the dawn arises, forevermore I will live on

CHORUS:

I'm a warrior
I'm battle born
I'm trained to heed the call
Never to surrender
Always the defender
In this fight, I pledge to give
I pledge to give my all
Live up to who I am -
A Warrior of the Night

VERSE 2:

I'm invincible, a head above, all others on the field
All will hear my battle cry, it echoes through the night
Lords will kneel and kingdoms fall, my glory will live on
Remember, no matter what you do, I'll always win the fight

PRE-CHORUS:

The fires of the night will lead us
Into the brightness of the dawn
And when the dawn arises, forevermore I will live on

CHORUS:

I'm a warrior
I'm battle born
I'm trained to heed the call
Never to surrender
Always the defender
In this fight, I pledge to give
I pledge to give my all
Live up to who I am -
A Warrior of the Night

BRIDGE:

We stand for what we believe in
We have our honor to defend
Never to betray another
We'll fight until the very bitter end
